An HP Officejet for the enterprise—up to twice the speed and half the cost per page of lasers.<sup>1,2</sup>

Keep productivity high while keeping your bottom line in mind. These powerful HP MFPs deliver color documents at up to twice the speed and half the cost per page of color lasers.<sup>1,2</sup> Proven HP PageWide Technology makes it possible.

Enlarge Image

Designed for the demands of business, this MFP delivers the enterprise features you need. Make it easy on IT, with advanced security and management solutions, easy upgrades and mobile printing options.

Bolster your fleet with an MFP that goes the distance. Load large projects and let it handle the job while employees move on with business. Like an HP LaserJet, this MFP is built to last.

Give your office powerful productivity with all the features of lasers. Count on super-fast, dual-sided scanning, a color touchscreen with image preview, and an integrated keyboard for smooth data entry.<sup>3</sup>

- 1 . Comparison based on manufacturers' published specifications of fastest-available color mode (as of December 2013) and includes color laser MFPs equal to \$3,000 USD, based on market share as reported by IDC as of Q3 2013 and HP internal testing of printer in fastest-available color mode (sample 4-page category documents tested from ISO 24734). For more information, see <http://www.hp.com/go/printerspeeds>.
- 2 . Cost-per-page (CPP) claim is based on the majority of color laser MFPs equal to \$3,000 USD as of December 2013, based on market share as reported by IDC as of Q3 2013. ISO yield is based on continuous printing in default mode. CPP comparisons for laser supplies are based on published specifications of the manufacturers' highest-capacity cartridges. For details, see <http://www.hp.com/go/officejet>. CPP based on HP 980 ink cartridges' estimated street price. For more information, see <http://www.hp.com/go/learnaboutsupplies>.
- 3 . HP EveryPage and integrated keyboard are available only on the HP Officejet Enterprise Color Flow MFP X585z.
- 4 . Measured using ISO/IEC 24734, excludes first set of test documents. For more information see <http://www.hp.com/go/printerclaims>. Exact speed varies depending on the system configuration, software application, driver and document complexity.
- 5 . Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups.
- 6 . HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.
- 7 . Power requirements are based on the country/region where the printer is sold. This will damage the printer and void the product warranty. Power consumption in Sleep mode depends on customer network switch capability, user configuration and network activity.
